Didcot Angling Centre	36 Wantage Road, Didcot, Oxfordshire	01235 817005
Outdoor Life	Benson Boat Yard, Benson, Oxon	01491 838288

Extent of fishing waters

- **River Thame south bank** from A to B.
- **The Mill Stream** from C (by old willow) to D. The bank here is eroded and unsafe. (Note that fishing is not available in the Overy mill pool.) Until further notice fishing on land to the east of our boundary (highlighted with red lines) is off limits.
- When school visits are on the meadow, normally on a Wednesday during school time, you are requested to leave the northern area by the oak tree free.
- Buck Pool eastern bank (over weir and sluice bridges). **No fishing: private land.**

Please respect the countryside in this conservation area.

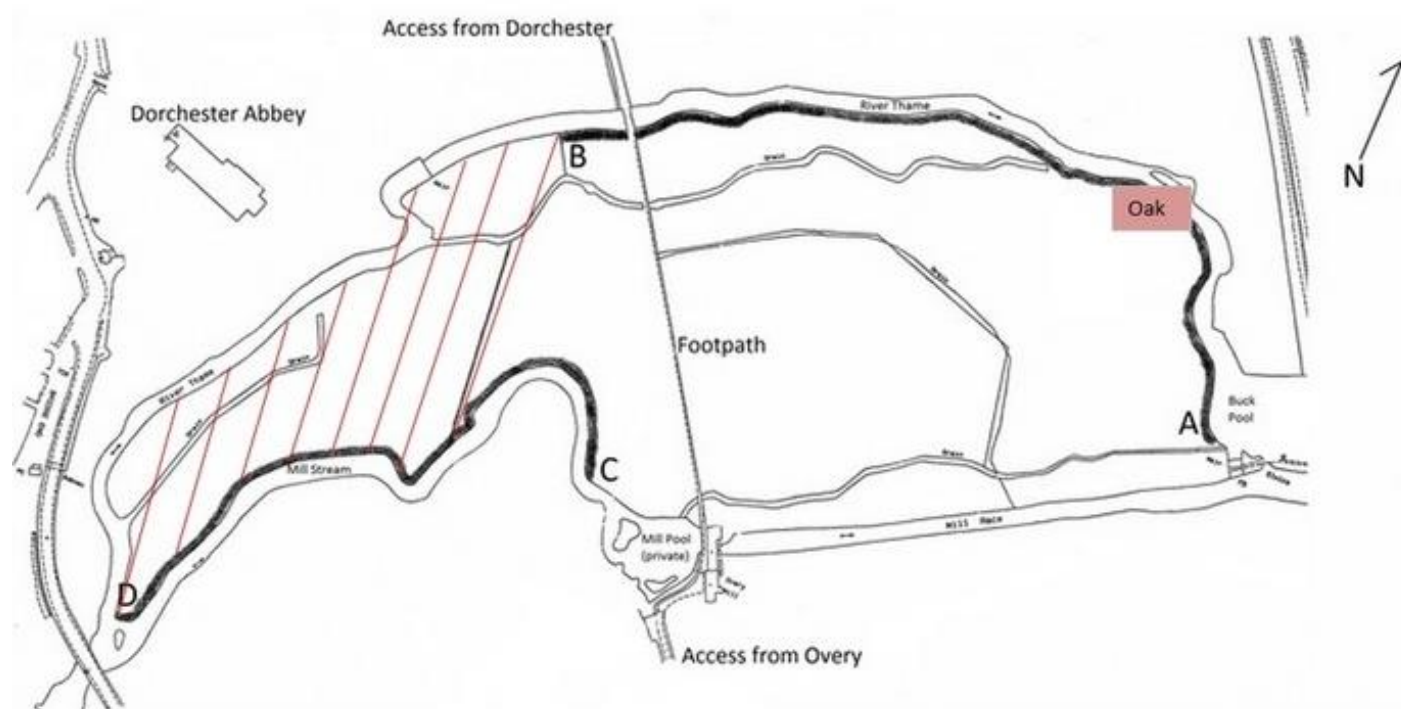

- Please take your litter home.
- Please leave the river banks and trees as you found them.
- Please do not light fires.
- Please return all fish to the water immediately.
- Please do not use lead weights or discard any fishing line in the water or on the bank. Both can be lethal to birds and other wildlife.

Parking

- Cars can be parked beside the school wall in Manor Farm Road, or in the public car park at Bridge End.
- Please do not bring cars down the lane. Cars are strictly forbidden on the meadow.
- Please do not park at the end of Manor Farm Road or by Overy Mill where it may cause inconvenience to residents.
- Please do not park on Dorchester Bypass (**it is illegal**) or gain access to the meadow from the bypass.
